About the workshop: The main function of a poster is to capture a moving audience with a message. When designing a poster, plan its design carefully. You will have a short amount of time to attract and hold your leaders attention. Think about the one aspect of the information that must convey the message and plan your design around that. Posters allow you to spread your message to a wide audience far cheaper than radio, print or television advertising in a simple, easy and affordable way.

Objective: The workshop on **Poster and Animation Making** is about : A poster is a usually large sheet with images and text which aims at conveying certain information and making it noticeable for the target audience. Also, they can be presented small sizes, for example, digital version or postcards.

Outcome: The best advantage of poster making is that it facilitates team work and understanding along with facilitating creative thinking and extensive research and reading. It provides students with an opportunity to learn by doing, in turn strengthening the learning.

Inauguration: The Seminar started with seeking the Divine Blessings of Bhairavaikya Parama Poojya Jagadguru Padmabhushana Sri Sri Sri Dr.Balagangadharanatha Mahaswamiji and Parama Poojya Jagadguru Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji.

Prof.Ravikiran R, Dept. of Electronics & Communication welcomed the gathering, and introduced the Resource Persons.
