About The Webinar: This webinar provides an opportunity to stay abreast with the latest trends in educational technology through its practical learning-based webinar, organized by the Department of ECE, which provides a learning step into the world of simple and open-source microcontroller called Arduino.

Objective: This webinar is designed for understanding concepts & development of projects using Arduino microcontroller.

Outcome: At the end of the webinar, the participants will have the knowledge of the Hardware concepts of Arduino microcontroller and programming the Arduino microcontroller to perform simple tasks

Inauguration: The webinar started with seeking the Divine Blessings of Bhairavaikya Parama Poojya Jagadguru Padmabhushana Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji and Parama Poojya Jagadguru Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji.

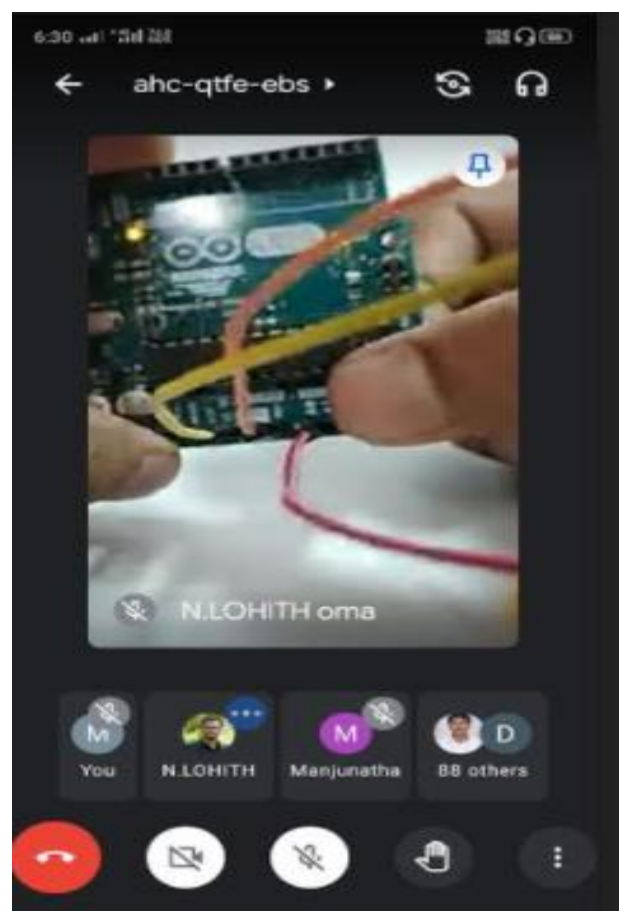

Prof. Manjula K, Dept. of Electronics & Communication welcomed the gathering.

Dr. G T Raju, Principal, S J C Institute of Technology, Chickballapur spoke about the importance of webinar.

More than 100 participants from various departments of S J C Institute of Technology, Chickballapur attended the Webinar on “Basics of Arduino and Its Applications”

Mr. N Lohith, Director, Makers Creative, Bengaluru delivered a lecture on “Basics of Arduino and Its Applications” and provide an exposure to various aspects of Arduino programming. The following topics were covered in webinar and inspired participants through live demonstration of Arduino Applications

- Introduction to Arduino
- Software Installation and Programming
- Simple Projects using Arduino (Demonstration)

Dr. B N Shobha, Professor & Head, Department of ECE, S J C Institute of Technology delivered Vote of thanks

- The webinar is conducted in online mode through google meet.
